## Introduction to ISO 13485

The course is delivered by our Director of Quality and Regulatory Affairs, Dr Edward Staunton, an IRCA Certified Lead Auditor who has trained numerous internal auditors, notified body auditors and lead auditors.

Personalised feedback is available for evaluation of training effectiveness if requested.

This course is available at your offices/facilities by arrangement.

This one-day course is designed for delegates who need to understand Quality Management Systems. The course will cover how to implement and maintain a quality management system using ISO 13485:2016 and the key principles regarding quality management.

**At the end of this course, you will have an understanding of:**

- **Quality management systems**
- **Overview of ISO 13485:2016**
- **Documentation requirements of ISO 13485:2016**
- **Why we need management responsibility**
- **Provision of resources**
- **Product manufacture & service delivery**
- **Improvement & system effectiveness**

The course comprises of a series of written and verbal activities to reinforce learning objectives.
